

SUMMER LEARNING BOOSTERS

For Middle School Students

Personalized Online Programs

Teacher & Mentor Guided

Summer 2024

EFFECTIVE • SAFE • FUN • STRESS FREE

Math Workshops

Learning strategies and practicing for algebra readiness

Hands-on Science

Science learning working with a personal lab kit

Book Club Fun

Reading/discussing a personal copy of chosen book

Effective Reading

Guided reading using proven strategies to increase understanding

Arts & Crafts Break

Brain building activities using a personal kit of art materials

Intro to Computing & Careers

Learning about what computers do and related careers

Meemli helps your child enjoy summer enrichment even if they are unable to attend summer camp.

Students can join from home or from wherever they are with a computer and internet access.

IT'S FREE!

Meemli offers these programs at no cost to help advance education equity.

July 8-July 26, Mondays - Thursdays

Different academic and enrichment topics are offered, mornings and afternoons, so you can select the ones you want. Returning students will have programs with new materials.

Interested in enrolling your child?

Contact us to find out if your child's school or after-school organization is included in our outreach.
